# Do Black Lives Matter in Science?

Thursday, October 6th  
4PM in Whitaker 100

Featuring

**DR. CHANDA  
PRESCOD-WEINSTEIN**

*Activist, Writer, Astro|Physicist*

As a Research Associate in Physics at the University of Washington Dark Universe Science Center, Dr. Prescod-Weinstein researches early universe cosmology and dark matter candidates.

At *Do Black Lives Matter in Science?*, she will share stories on her scientific work advocating for racial and gender inclusion in STEM fields.
